Lake County, part of the Orlando-Kissimmee-Sanford, FL Metropolitan Statistical Area, was created in 1887 from portions of Sumter and Orange counties. During the 1800s, growing cotton and breeding cattle were the two main industries driving the economy. In the latter part of the 19th century, citrus tree cultivation gained momentum and eventually became the region's leading industry during the 1940s and 50s.

With its Central Florida positioning, Lake County boasts great access to US Hwy 27, I-75, the Florida Turnpike, and the new Florida 429 Beltway. This strategic location makes the area ideal for industrial distribution, warehousing, and manufacturing. Additionally, the Wellness Way area, situated just 7 miles south of Clermont, is an area of significant economic growth focused on sports and wellness.
